

A penny increase in the price of gasoline amounts to some \$8,000,000 a day more on the company fuel tab. Postal bean counters and engineers have melded minds to bring forth...

# THE TRUCK OF THE FUTURE

## StarMile FAQ

- Q: Will the StarMile have enough room for mail volumes?  
A: Excellent question! Yes!  
Q: Could you elaborate?  
A: Yes!  
Q: Please do so.  
A: That's not a question.  
Q: Will you please do so?  
A: Yep. There's less mail these days, eh?  
Q: Hey, you're not the one who's supposed to ask the questions, OK?  
A: OK.  
Q: Granted, mail volumes are dropping. What about ADVOs?  
A: ADVO has decided to save money by dropping off bundles directly at the landfill.  
Q: Do you mean the recycler?  
A: Of course.  
Q: Does the StarMile have a bathroom?  
A: Half-bath actually.  
Q: How large a dog can tip over the StarMile?  
A: 40-50 lbs.  
Q: How do they get "lb" from "pound" anyway? There's no "l" nor a "b" in the word "pound".  
A: Google it, Bucko!  
Q: Last question. How much for a Klondike Bar?  
A: For you, two bucks.

**Meet the "StarMile"!**

Gets 60+ Minutes per Foot, er, Miles per Gallon!
