# CARDBOARD BOSS

from Take Five Industries

Nobody said that being in management would be a rose garden, what with the incessant carping from labor, the endless harassment from downtown, not to mention the hordes of demanding customers. What's a honcho to do? Why not take a well-deserved time-out and have a custom made stand-in take the heat for you? **Take Five Industries**, of Sepulvada, CA can provide your picture perfect cardboard clone, or if you'd prefer, one of our stock bosses, such as Beulah, pictured on the right. Simply position the Cardboard Boss in your office, on the dock or next to a rabble-rousing carrier's case and let your stand-in put up with the grief. What could be simpler? Hurry and order now, and we'll throw in a free DOIS autobot program. Just install this random number generator application and you'll have hours of free time!
